**CELESTICA RECOGNIZES Y.C. CABLE WITH  
FIRST-YEAR GLOBAL SUPPLIER AWARD**

Y.C. Cable today announced it was awarded a first-year *Partners in Performance* award by Celestica, a world leader in electronics manufacturing services (EMS), for its contribution to the company in 2004.

“Y.C. Cable is proud to be recognized by Celestica, and honored to accept the *Partners in Performance* award from Celestica. It represents another milestone in our infinite quest of achieving total customer satisfaction in providing quality products, value, and on-time delivery,” said Gary Hsu, Executive Vice-President of Y.C. Cable.

Y.C. Cable’s mission is to provide innovation, integrity, value-added service, and global customer support. Our achievements can be measured by the success and satisfaction of our esteemed customers.

Celestica’s *Partners in Performance* awards are given annually to the company’s suppliers, in recognition of their excellence in customer service and support of Celestica’s global supply chain. This year’s *Partners in Performance* winners demonstrated a level of responsiveness, flexibility and customer service that positively impacted Celestica’s business and, in turn, the businesses of its original equipment manufacturer (OEM) customers.

“In 2004, Y.C. Cable demonstrated a strong level of the flexibility and responsiveness that drives Celestica’s global supply chain,” said John Boucher, chief supply chain and procurement officer, Celestica. “I congratulate Y.C. Cable for its first-year *Partners in Performance* award, in recognition of the company’s contribution to our success, and the success of our customers.”

Y.C. Cable is a worldwide industry leader with nearly 20 years in the interconnect market. With diversified manufacturing capabilities and global engineering support, our cables can be found in industrial, computer, telecommunications, consumer, medical, wire-harness, fiber and RF markets.
