

## PC CABLES

### CD-ROM AUDIO CABLE

Superior technology to connect your CD-ROM audio port to your sound card.

**MP1404L**  
Black/White 24"

**MP1424L-1**  
IDE-IDE Molex-Molex 24"

**MP708**  
Multi-head

### INTERNAL POWER CABLE

**PWE104Y-06**  
**PWE104Y-14**

Internal power splitter  
large plug split

### ADT CONVERTER

**ADT-2.5-3.5**  
Adaptor 2.5-3.5 IDE  
Converter PCB With  
Power

### SERIAL ATA CABLE

#### **SATAPW-06I** *POWER*

The 6-inch Serial ATA power adaptor cable lets you connect your serial ATA device to the standard 5.25" 4-pin power connector. The cable consists of one 12V, one 5V, one 3.3V and two grounding connections.

#### **SATA1S-05M** *DATA*

Adaptor Serial ATA cable, 7-pin to 7-pin connectors, straight connector to straight connector, measuring .5 meters in length.

### INTERNAL TO EXTERNAL IDC CABLE (Internal Serial Port Cables)

- SE0910E** DB9M-IDC10, Straight 1' (everx version)
- SE0910D** DB9M-IDC10, Cross, 1' (dtk version)
- SE2510E** DB25M-IDC10, RS232 internal, 1' (everx version)
- DB2526** DB25F-IDC26, Internal parallel, 1'

### MIDI CABLE

This cable allows you to connect a MIDI device to the game port (15pin), which normally can be found on a sound card. Female 15pin allows you to plug a joystick into card at same time. DB15 Male and Female to 2 DIN5 keyboard connectors.

**MIDI-150505** 5'

### SUNMICRO CABLE

IBM & Compatible Computer to High Resolution Sun Micro Monitor Cables. DB13W3 Male to D-Sub High Density 15 Male, Coaxial R.G.B., Double Shielded Ferrite, PVC Black, UL.

**SUN-1001** 6'

**SUN-1002** 10'
