KP0506FM-02 6"

DIN 5 Male to MDIN 6 Female
KP0506MF-01 6"

MODULAR ADAPTOR

Use modular adaptors to run client server applications. Connect terminals on the desktop back to a central patch panel or directly to a MUX via RS232, many network planners have implemented modular adapters as the most cost effective way to complete the connections. For terminals, serial printers, modems, POS and other serial equipment.
