

### Industry Standards

Y.C. Cable's fiber optic assemblies are compatible with the following major standards:  
UL/CSA, EIA/TIA, ANSI, NTT, Bellcore, IEC

Please contact Y.C. Cable for specific lengths and combinations.

## FIBER OPTICAL PATCH CABLES

Fiber-optic lines are strands of optically pure glass as thin as a human hair that carries digital information over long distances. Y.C. Cable provides a variety of multimode and single mode fiber optic jumpers, pigtails, self-loop back and custom design multi-fiber assemblies. To ensure the products' performance, Y.C. Cable utilizes high quality connectors with ceramic ferrules, and OFNR riser or higher graded fiber cables.
